Catalogue of Fine Cut Glass, for 1902-03

CUT GLASS AT FIRST HAND

P. & B. cut glass is made at our own factory, located at Chicago Heights. It is equipped with the best appliances for manufacturing cut glass of the finest character and has the capacity for 150 glass cutters.

The increase in the demand for our make of glass has been so great that we are now manufacturing upwards of 150 shapes and designs. The finest of them are under our exclusive control. Some have made a national reputation, such as the Belmont and Gloria.

The glass used is the best in color, weight and selection to be procured. The extreme of brilliancy and finish is guaranteed and cannot be excelled.

To sell the genuine article and be successful, or to
carry an inferior grade and fail, that is the question
to be settled by progressive dealers.

In no way is the advancement in refinement demon-
strated more clearly than in the increased
appreciation of true art.
